

2nd OpenPGP Email Summit

Dec 05-06, 2015

2nd OpenPGP Email Summit, Dec 2015

1

We Welcome

Host:

Google end-to-end:
Koto / Krzysztof
Eduardo Vela Nava
Stephan Somogyi
Gary Belvin
KB Sriram

Enigmail:
Patrick Brunschwag
Nico Josuttis

OpenKeychain:
Vincent Breitmoser

LEAP:
Ruben Pollak

r2mail2:
Stefan Selbitschka

gpg4o:
Alexander Strobel
Daniel Ranft

Thoughtworks/Pixelated:
Ola Bini
Christoph Kluentner

Facebook:
Jon Millican

Mailvelope:
Thomas Oberndörfer

gpg4win:
Andre Heinecke

PEP:
Volker Birk

sunday only

Mailpile:
Bjarni Runar Einarsson

Fraunhofer SIT:
Daniel Trick

BSI:
Frank Niedermeyer
Christian Zier

Wau Holland:
Bernd Fix
Andy Mueller-Maguhn

other:
Eric Johnson (NGO Internets)
Daniel Kahn Gillmor (Debian, IETF, ACLU)
Kristian Fiskerstrand (SKS)
Piotr Zduniak (pgp.st)
Ralf Hauser

2nd OpenPGP Email Summit, Dec 2015

2

Saturday, Dec 04

2nd OpenPGP Email Summit, Dec 2015

4

Working Groups

	Share	And	Enjoy
Saturday 19:15	Key Discovery (christoph)	Outlook & Exchange (andre)	Transparency & Scaling Key Servers (gary)
Sunday 10:15	Email Validation (nico)	Modern PGP UIs (christoph)	Encrypted Indexes (dkg)
Sunday 11:45	Header Encryption (dkg)	OpenPGP close to the browser (koto)	Password Recovery (bjarni)

2nd OpenPGP Email Summit, Dec 2015

5

Open Space Principles and Law

"Structured discussions like in conference breaks or at parties"

- ***Whoever comes is the right people***
 - You don't have to wait for key people.
- ***Whenever it starts is the right time***
 - "Spirit and creativity do not run on the clock."
- ***Wherever it is, is the right place***
 - Space is opening everywhere all the time (Tahrir Square)
- ***Whatever happens is the only thing that could have, be prepared to be surprised!***
 - Something that happened, is done. Move on. All is good.
- ***When it's over, it's over (within this session)***
 - Do the work, not the time.
- **Law of two feet**
 - "Don't waste time!"
 - Bumblebees and butterflies

2nd OpenPGP Email Summit, Dec 2015

6

Opening the Marketplace

- **Propose a topic as a convener**
 - Convener is responsible for the whole session but can delegate
 - Minutes/report as outcome (e.g flip chart photo)
 - Convener might propose a slot
 - Immediately or later (after first putting it in the backlog)
- **Everybody can suggest changes/extension**
 - Agreement of convener required
- **If a decision is requested from our group as a whole later today ():**
 - Prepare the question as "extended yes/no":
 - Do we want this to do (y/n)?
 - Do we prefer A or B?
 - Possible answers will be: SF WF N WA SA

part of the basic mechanisms of Open Space Technology

extension stolen from C++ standardization

strongly/weakly in favor or against or neutral

2nd OpenPGP Email Summit, Dec 2015

7

Wrap-Up

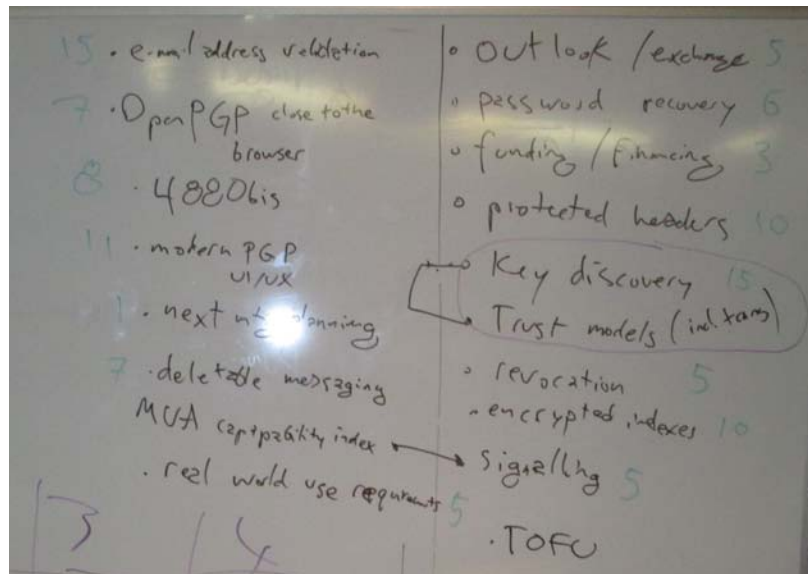

- **Note:**
 - Chatham House Rules
 - Wiki: <http://wiki.gnupg.org/OpenPGPEmailSummit201512>
- **Next meeting**
 - in about half a year (doodle for exact date)
 - unless there will be something else (OpenPGP/GnuPG conference)
 - again Saturday/Sunday
 - at a central European place (Munich, Cologne, Berlin?)
 - publically announced
- **Please invite others**
- **Similar Agenda:**
 - Introduction, plenary talks, working groups
- **Email List: OpenPGP-Email**

2nd OpenPGP Email Summit, Dec 2015
